SUMMARY

Software Developer with 1+ year of experience in backend development and AI-driven applications. Strong expertise in Python, SQL, and Machine Learning, with hands-on experience building scalable microservices and REST APIs. Delivered ML solutions with up to 87% accuracy and improved backend performance by up to 30%.

EDUCATION

- **MASTER OF SCIENCE IN DATA SCIENCE**
St. Joseph's College, Tiruchirapalli (Bharathidasan University)
July 2022 – April 2024
- **BACHELOR OF COMPUTER APPLICATION**
Loyola College, Chennai (University of Madras)
July 2019 – April 2022

EXPERIENCE

- Skillmine Technology – Junior Software Developer** Jul 2025 – Present | On-site | Sivakasi, Tamil Nadu
- Developed and enhanced backend features for enterprise applications, improving API performance by ~25% and reducing runtime errors by ~20%.
 - Implemented backend business logic and optimized SQL queries, reducing database response time by ~30%.
 - Supporting debugging, testing, and deployment activities in the SDLC process.
- Skillmine Technology – Trainee** Jan 2025 – July 2025 | Sivakasi, Tamil Nadu
- Completed intensive training in **software development practices, database management, and application architecture**.
 - Assisted in real-time project development and learned industry-level coding standards.
 - Gained hands-on experience in **Agile methodology and version control systems**.
- Cool Dreamers – Machine Learning Intern** Aug 2024 – Jan 2025
- Built and evaluated machine learning models on real-world datasets (10K+ records), improving model accuracy by ~15%.
 - Performed **data preprocessing, feature engineering, and model evaluation**.
 - Applied ML techniques to solve real-world business problems.
- Thedush Robotics – Project Intern** Jan 2024 – Mar 2024 | Coimbatore, Tamil Nadu
- Worked extensively with **Robot Operating System (ROS)**.
 - Assisted in robotics-based data processing and automation tasks.
 - Integrated sensor data for real-time robotic applications.

CAPSTONE PROJECTS

Questlight – AI Hiring Automation Platform:

- Improved system stability by resolving critical **backend bugs across Nest.js and python microservices**.
- Enhanced Python microservices for resume parsing and AI question generation, improving data extraction accuracy and reducing processing latency.
- Strengthened **NLP-based data extraction pipelines** for accurate candidate profiling.
- **Tech Stack: Nest.js, Node.js, Python, Microservices Architecture, NLP, REST APIs, Backend Development, MongoDB**

Face Auth – Facial Recognition Attendance System:

- **Developed a real-time facial recognition attendance system with Python backend integration.**
- Integrated with **HR systems** for automated attendance tracking.
- Built cross-platform support using **React (Web)** and **Expo (Mobile)**.
- **Tech Stack: Python, Face Recognition, React, Expo, Backend APIs.**

RP LIDAR Based Real-Time Human Leg Detection for Mobile Robots:

- Designed a **real-time human lower limb detection system** to improve **warehouse safety and productivity**.
- Achieved **86% accuracy** using **Machine Learning algorithms**.
- Processed real-time sensor data using **ROS2 and RP LIDAR**.

- **Tech Stack:** Machine Learning, ROS2, Random Forest, SVM, Python, Sensor Data Processing

Customer Churn Prediction – Banking Sector:

- Led a **customer churn prediction project** to identify **high-risk customers** and reduce churn rates.
- Achieved **87% prediction accuracy** using **Extreme Gradient Boosting (XGBoost)**.
- **Compared multiple models including SVM, Random Forest, Decision Tree, and Logistic Regression.**
- **Tech Stack:** XGBoost, Python, Pandas, Data Analysis, Machine Learning, EDA

SKILLS

- **Programming:** Python, SQL, JavaScript
- **Backend Development:** Nest.js, REST APIs, Microservices Architecture
- **Machine Learning:** Scikit-learn, Pandas, NumPy, NLP, Model Evaluation, Feature Engineering.
- **Data Visualization Tools:** Power BI, Plotly, Matplotlib, Seaborn, Streamlit
- **Databases:** MySQL, MongoDB
- **Tools:** Git, GitHub, Postman, Jupyter Notebook, MySQL Workbench

CERTIFICATES AND ACHIEVEMENTS

- **MySQL Essential Training**, LinkedIn Learning.
- **Digital 101 Journey**, NASSCOM.
- **Google Data Analytics Certification**, DEED.
- **Data Analytics & Visualization Job Simulation**, Forage (Accenture).
- **Vice President**, YRCS Club – Loyola College, Chennai.
- **Student Secretary**, Department of Data Science – St. Joseph's College, Trichy.
- **Languages:** English, Tamil
